Susan Bobbitt-Voth gave an overview of the changes since their last appearance before the Board. She stated that this will be a small-scale operation as she and her husband's primary residence is in California. She stated that the barn will only be used in the months of May through October.

Evan Jones was contracted by Susan Bobbitt-Voth and Richard Voth to conduct a perimeter boundary survey. He stated that the parking would be seasonal and on a grass lot, which will be delineated by posts. Mr. Jones also stated that traffic numbers used in the report are accepted by DOT for wedding venues with an average of 2.25 guests per vehicle. The event venue will hold up to 135 guests at a given event, which is noted on the site plan. There will be a large parking lot behind the existing tree line utilizing an existing entrance, and Voth's will be adding 3 handicap spaces on the existing paved area.

Rolf Madsen asked where in the construction process the applicant is currently. Mr. Voth stated that the electrical was inspected today by the state inspector, leaving stairs and drywall to be installed. Mr. Voth also stated that they are hoping to have most of the construction completed by the end of Summer or the beginning of Fall. The Voth's also stated that their target opening date would be next year.

Chair Brusini asked the applicant to send pictures of interior and exterior progress to staff for the record.

Rolf Madsen asked the applicant at the next meeting to go over the sound study and how the information was gathered. Chair Brusini also asked for this and stated that it would be helpful also provide an additional calculation.

Cathy DiPietro and Dan Harden also asked for clarification on the noise study at the next meeting. Dan Harden expressed concern regarding what was used to monitor sound. He stated that through his own personal experience, wedding DJ's will have larger equipment with greater sound.

Chair Brusini asked for more information on whether there are wetlands on the property. Chair Brusini also asked for more information on lighting.

Brian Murphy of 372 Hio Ridge Rd asked if the Board is requesting a new noise study. Mr. Murphy expressed concern regarding the noise and asked the applicant to notify him so he could stand on his lawn and hear the effects this could potentially have on him.

Observation Deck

Rolf Madsen recused himself.

Jim Seymour of Sebago Technics gave an overview of the proposed changes since last appearance before the Board. He stated that all the requested information has been supplied.

Cathy DiPietro asked who would be filing the notice of intent for the DEP requirements. Mr. Seymour stated that the contracted general contractor will notice, but no one has not been selected yet.

Chair Brusini asked for a floor plan and financial capacity letter to be submitted.

The Board began deliberations and set the following conditions:

- Water must meet conditions of public water supply

- Floor plan and dimensional information for bathroom area to be provided

- Financial capacity letter will be provided

- Restriction that deck is not to be used for outdoor events that include music or entertainment other than for what is needed for a wedding ceremony

MOTION Dan Harden moved to tentatively approve the project as presented with the above conditions but withhold final judgement pending approval of Findings of Fact and Conclusions of Law, second by Cathy DiPietro
